

MOVE OVER MOZART GROUP PIANO

FUN! ECONOMICAL! After School At School

Every child loves music. Educators have discovered early, positive musical experiences are uniquely important for children, and help develop physical coordination, timing, memory, visual, aural & language skills.

Move Over Mozart (M.O.M) is a piano learning program established in 1988 and has over 800 kids enrolled in its piano classes. Kids enjoy the social aspect of the group lessons, and while each child takes a turn playing his/her assignment for the teacher, the other children work individually in theory books where they learn how to read music and the “nuts & bolts” that are needed to play their lesson book assignments or work collectively on musically enforcing games and activities.

MOM also offers PRIVATE VOICE AND PIANO as well.

*** **COST:** \$35 per month for group, plus a yearly enrollment fee of \$20 (includes 2 books).

** **LOCATION:** At school. After School Care children will be picked up and returned.

*** **HOW THE CLASS WORKS:** Piano lessons are held after school, one day a week, back to back in 30 minute sessions with 5 kids maximum in each group. Day Care kids come to later classes. Piano Teachers will arrange to escort kids who are in an on-site daycare facility to and from piano class. Self-paced curriculum. Mid-year & Spring Recitals. Lessons run Oct. through May. Piano student may discontinue at any time. First months tuition and registration fee are non-refundable. Kids enrolled in piano lessons who do not go to daycare may quietly wait until their class begins.
