

## Engineering Fundamentals at Proctor Terrace Elementary School

Kids are already naturally gifted creators. Then they get added inspiration from our specially trained instructors. They dive into our massive collections of LEGO®. And while they build elaborate objects, structures and vehicles, they explore fundamental principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long lasting.

**Register Online through Play-Well using the web address below:**  
**<http://register.play-well.org/registration/new/47294>**

**January 22nd, 2016 - March 18th, 2016**

**(No Class on February 19th, 2016)**

**Fridays**

**2:30pm - 4:00pm**

**Open to Grades 1 through 4**

**Cost \$136/Student**

### **Engineering Fundamentals using LEGO®**

Power up your engineering skills with Play-Well TEKnologies and tens of thousands of LEGO®! Apply realworld concepts in physics, engineering, and architecture through engineer-designed projects such as arch bridges, skyscrapers, motorized cars, and the Battltrack! Design and build as never before, and explore your craziest ideas in a supportive environment. An experienced instructor will challenge new and returning students to engineer at the next level.

**Dream it. Build it. Wreck it. Repeat.**
